

Conference Volume

To facilitate scientific contacts during the colloquium further, we will print a conference volume.

Please introduce yourself **by 7 September 2012** by submitting the following documents:

- brief biography* (running prose text, no chart)
- abstract of your current scientific projects with title* (running prose text, no chart)
- your most important publications of the past 5 years* (maximum 3)
- recent photo

Additionally, we will print your contact details and data concerning your field of research in the conference volume.

*These data will also be needed for the selection of the attending early career researchers and are considered mandatory fields.

Please open the online system [here](#) to submit your abstract. The system will be opened in a new window.
